Data Access and Use Procedures

Programmatic Access to Data

through the ACAPT Center for Excellence Platform

The ACAPT Institutional Profile Survey (IPS) and other surveys distributed through the ACAPT Center for Excellence (the “Center”) and reported through the online Center platform are provided to ACAPT members with **the intent of program assessment, evaluation, and improvement**. ACAPT members are provided access to the online data platform and may download their program’s data at any time. To facilitate comparison of peer programs, the Center platform allows for viewing of aggregate national data. **Institutional Review Board (IRB) approval is not necessary for the use of information accessible through the online Center platform.**

How to Cite ACAPT Data

If an individual/institution wants to cite charts or statistics from the Institutional Profile Survey or data obtained from the Center, **all uses of these data shall reference the American Council of Academic Physical Therapy’s Center for Excellence** (ACAPT, YYYY, acapt.org) as the source of the data and acknowledge that “ACAPT bears no responsibility for non-ACAPT interpretations presented or conclusions reached based on analyses of the data.” Individuals/institutions should use this citation example: “*ACAPT Institutional Profile Survey (or Center for Excellence), 2022, acapt.org, provided with permission from the American Council of Academic Physical Therapy.*”
