Consent to Serve

I affirm my willingness to serve, if elected. I understand that ACAPT is a 501(c)6 non-profit business entity and that if elected, I will be expected to uphold the duties of care, loyalty, and obedience of this office.

Duty of Care:

This duty requires officers and directors to exercise ordinary and reasonable care in the performance of their duties, exhibiting honesty and good faith. Officers and directors must act in a manner which they believe to be in the best interests of the association, and with such care, including reasonable inquiry, as an ordinarily prudent person in a like position would use under similar circumstances.

Duty of Loyalty:

This is a duty of faithfulness to the organization. This means that officers and directors must give undivided allegiance to the organization when making decisions affecting the organization. In other words, officers and directors cannot put personal interests above the interests of the organization. Officers and directors should be careful to disclose even potential conflicts of interest to the board of director and should recuse themselves from deliberation and voting on matters in which they have personal interests.

ACAPT

Duty of Obedience:

This duty requires officers and directors to act in accordance with the organization's articles of incorporation, bylaws, and other governing documents, as well as all applicable laws and regulations.
